Making Sense of Autism Travis Thompson Ph.D.

When you're working with children who have autism, you're sure to have questions about a wide range of issues: challenging behavior, interventions, medications, effective partnerships with parents, and the nature of the disorder itself.

Think of this book as your "autism primer"—the one you need to read first to get a solid, balanced understanding of what autism is, how it affects behavior and learning, and what you can do to effectively work with children with autism from their preschool years through elementary school.

Expertly clarifying research and science, highly respected autism researcher and clinician Travis Thompson helps you make sense of

- brain development and differences in children with autism
- types of early intervention and assessment
- commonly prescribed medications and their effects
- controversies surrounding autism treatments
- positive behavior support
- families' complex perspectives and challenges
- disabilities associated with autism, such as fragile X syndrome, dyslexia, and ADHD
- curricular and environmental adaptations

With the reliable, accessible research in this enlightening resource, you'll learn to see the world through the eyes of children with autism and skillfully address the issues they and their families face on a daily basis. An essential resource to share with parents once you've read it yourself.

Wilma Tovar:

Do you like reading a guide? Confuse to looking for your preferred book? Or your book had been rare? Why so many question for the book? But just about any people feel that they enjoy with regard to reading. Some people likes examining, not only science book but in addition novel and Making Sense of Autism or others sources were given knowledge for you. After you know how the fantastic a book, you feel would like to read more and more. Science guide was created for teacher as well as students especially. Those textbooks are helping them to bring their knowledge. In additional case, beside science reserve, any other book likes Making Sense of Autism to make your spare time more colorful. Many types of book like this one.

Kimberly Silvestre:

As a pupil exactly feel bored to be able to reading. If their teacher inquired them to go to the library in order to make summary for some publication, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that looking at is not important, boring along with can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Making Sense of Autism can make you truly feel more interested to read.
