Omnipotent Government; The Rise of the Total State and Total War. Ludwig Von Mises, Ludwig von Mises

Published in 1944, during World War II, *Omnipotent Government* was Mises's first book written and published after he arrived in the United States. In this volume Mises provides in economic terms an explanation of the international conflicts that caused both world wars. Although written more than half a century ago, Mises's main theme still stands: government interference in the economy leads to conflicts and wars. According to Mises, the last and best hope for peace is liberalism—the philosophy of liberty, free markets, limited government, and democracy.

Ludwig von Mises (1881-1973) was the leading spokesman of the Austrian School of economics throughout most of the twentieth century. He earned his doctorate in law and economics from the University of Vienna in 1906. In 1926, Mises founded the Austrian Institute for Business Cycle Research. From 1909 to 1934, he was an economist for the Vienna Chamber of Commerce. Before the *Anschluss*, in 1934 Mises left for Geneva, where he was a professor at the Graduate Institute of International Studies until 1940, when he emigrated to New York City. From 1948 to 1969, he was a visiting professor at New York University.

Bettina Bien Greaves is a former resident scholar, trustee, and longtime staff member of the Foundation for Economic Education. She has written and lectured extensively on topics of free market economics. Her articles have appeared in such journals as *Human Events*, *Reason*, and *The Freeman: Ideas on Liberty*. A student of Mises, Greaves has become an expert on his work in particular and that of the Austrian School of economics in general. She has translated several Mises monographs, compiled an annotated bibliography of his work, and edited collections of papers by Mises and other members of the Austrian School.

Scott Rochelle:

As a scholar exactly feel bored to help reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that looking at is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Omnipotent Government; The Rise of the Total State and Total War. can make you really feel more interested to read.
