The Blue Rider: The Yellow Cow Sees the World in Blue (Adventures in Art) Doris Kutschbach

The painters of the "Blue Rider" turned the worlds of form and colour upside down to give expression to their feelings, ideas and dreams. Their cows were yellow, people were green, trees red and horses blue. This is one book in the series "Adventures in Art" which is aimed at the young and the young at heart. It takes us on a voyage of discovery, exploring the world of art and showing us how to look at pictures in a relaxed, light-hearted way. Aiming to open up the world of art to children of all ages everywhere, these books present famous artists and their works in a way that should stimulate our own creativity.
