Imperium Europa: The Book that Changed the World Norman Lowell

Imperium Europa is a book that confronts, and puts forward a radical response, to the all important questions of the survival of the Euroid race - that race of biological aristocrats that gave the world everything. The book delves into genetics, geo-politics, racialism, environmentalism, art, architecture, education, economics, immigration, and more. Written by Norman Lowell on the ancient island of Malta, Imperium Europa is, as German writer Constantin von Hoffmeister puts it, "A vision of what Europe will become. Not what Europe should become but what Europe WILL become."
