The Grail of the Sidhe is a collection of new cards inspired by the Sidhe to add to the existing cards in the Card Deck of the Sidhe. There are twenty-two new cards, with twenty of them divided into four suits and two special cards that are suits by themselves. These cards were designed for oracular use and can be used by themselves or in conjunction with the Dancer cards of the original deck. They can also simply be added as Dancer cards to the original deck, thereby increasing the possible stories that the deck can tell and the insights it can give. The inspiration for these cards comes from a different group of Sidhe than those responsible for the first deck. That the two groups are working together is evident as Mariel, one of our first Sidhe contacts, helped write the new card descriptions. Nevertheless, this second group of cards has a distinct flavor related to the image and meaning of the Grail. Unlike the original deck, a hint of the Arthurian mythos is present in these cards. This new expansion Grail of the Sidhe deck comes with 22 cards only (no printed manual) along with a website download link to a free PDF color manual for the combined deck of 55 cards.
