**YOU CAN'T SCREAM** Somewhere in the vast Alaskan wilderness hides a psychotic monster. His methods are unlike any other serial killer to date. He likes his women cold, frozen to be exact. Once finished with a victim, he displays her like a twisted piece of art. **YOU CAN'T RUN** FBI Agent Annie Thomas is on leave after the loss of her fiancé, Matt Locklear. She has spent the better part of a year in his one-bedroom cabin in the wilds of Alaska. Lately she's had the feeling of being watched. Is her self-imposed exile getting the better of her? **YOU CAN'T HIDE** Homicide Detective Stone Wooshkeetaan has become a driven man. He would work 24/7 if he could, anything to prevent him from sleeping. He's the one who found the mutilated body of his friend, Matt, an image that has haunted his dreams ever since. **YOU CAN'T MOVE** It's the day after Christmas and Draper's Pond is filled with the sound of laughing children as they race around on the ice trying out their new skates. Little do they know a dark cloud looms ahead. Two little girls are holding hands and spinning as fast as they can until they break apart. One goes sliding into a snow bank. Once she rises, a blood curdling scream rips from her tiny throat, silencing the crowd. Directly below her is the body of a woman trapped under the ice; her hands up as if warding off an attack, her mouth frozen in a silent scream. **HE WINS** The woman's death was not an accident and Stone is certain this isn't the killer's first victim. He asks Annie to help him prove it, but before long the investigation takes a sinister turn. The bodies of women start showing up all over the Mat-Su Valley looking like horrific ice sculptures. Now Annie and Stone are on the hunt for a sadistic killer hiding in a state over twice the size of Texas and largely comprised of uninhabited wilderness. They must capture this beast before he finishes his perverse agenda and disappears... AGAIN
