Five Years - The Lovely Days (Volume 2) Leonard Belmont

"I carried within me the knowledge that today would change my life"

With love slowly churning in the air, a young couple emerges; their first date. It is this first contact that cements the idea of love at first sight. Through longing stares, lingering touches, and intellectual conversations, two souls become bonded. It is within this bond that the universe thrives; calculating, manipulating, all leading up to the pinnacle of love : death.

Leonard Belmont presents each moment as a lifetime, demanding each touch, sigh, and ounce of laughter, be distinguished from the rest.

In the second installment of the Five Years story, Belmont delves into the thoughts, actions, and flurry of emotions that surround each first time.

Even the first time we die.
