Fruit Fly Fighters: Eradication of the Papaya Fruit Fly Bryan Cantrell, Blair Chadwick, Anna Cahill

The campaign to eradicate the papaya fruit fly from north Queensland has been widely acknowledged by international scientists as a significant technical achievement that equals any similar control program world-wide.

Fruit Fly Fighters is a highly readable and practical account of the whole campaign from 1995 when the papaya fruit fly was first discovered until 1999 when eradication was formally declared.

Key aspects covered include: The emergency response; Campaign management; The growers' perspective; Monitoring, eradication, data management; quarantine, traffic control points; market access for fruit from infected areas; public relations; and research and development.

The operating manuals and other reports are in a CD-ROM that accompanies this book.
