Win the World or Escape the Earth?: The End Times Controversy Ian Rossol, Tony Wastall

Much confusion exists among Christians today over subjects such as the rapture, the tribulation and the nation of Israel. *Win the World or Escape the Earth?* seeks to bring much-needed clarity and makes a timely appeal for the Church to return to classical Christian belief and focus on reaching the nations for Christ. This major study of the return of Christ covers every aspect of the subject and leaves no stone unturned. Its no-nonsense approach to the second coming is sure to blow open the debate over prophecy and the end times. 'Many dubious books have been written on the end times which sow confusion and anxiety. This is a rare and welcome alternative. It addresses all the relevant biblical passages in a wise and thoughtful way. Rossol and Wastall demonstrate that a right understanding of God's plan for the end of the age does not instil fear, but rather inspires faith.' Timothy Larsen, Professor of Christian Thought, Wheaton College, USA
