Lewis Carroll

Alice's Adventures in Wonderland (Children's Classics) Lewis Carroll

In 1862 Charles Lutwidge Dodgson, a shy Oxford mathematician with a stammer, created a story about a little girl tumbling down a rabbit hole. Thus began the immortal adventures of Alice, perhaps the most popular heroine in English literature. Countless scholars have tried to define the charm of the *Alice* books—with those wonderfully eccentric characters the Queen of Hearts, Tweedledum, and Tweedledee, the Cheshire Cat, Mock Turtle, the Mad Hatter *et al.*—by proclaiming that they really comprise a satire on language, a political allegory, a parody of Victorian children's literature, even a reflection of contemporary ecclesiastical history. Perhaps, as Dodgson might have said, *Alice* is no more than a dream, a fairy tale about the trials and tribulations of growing up—or down, or all turned round—as seen through the expert eyes of a child.

From the Paperback edition.
