Excerpt from A History of the War of 1812-15: Between the United States and Great Britain

The offender, says an Italian proverb, never forgives; and it is a singular fact that the deepest resentments and the most implacable hatreds are not those arising from a sense of injuries received, but from injuries inflicted. The victim of a deliberate wrong seldom treasures up a purpose of revenge, or demands anything more than a restoration of his rights; but the oppressor always hates those who have escaped from his oppression.

That wise old philosopher, Ben Franklin, who died within seven years after the acknowledgment of our country as a separate nation in 1783, foresaw, even then, what did not take place till more than twenty years after his death. He declared that the war which had just closed in the surrender of Cornwallis was only the war of Revolution, and that the war of Independence was yet to be fought.
