Geographic Information Research : Transatlantic Perspectives

Geographic Information Research : Transatlantic Perspectives

Geographic Information Research is a broad discipline, and is being actively pursued world-wide. A group of researchers in both North America and Europe have come together as contributors to this volume as a way of combining their expertise. The emphasis is on matters of political, strategic and organizational importance, rather than on technology or systems, and covers the theory and social and political practice which goes hand-in-hand with GIS.
