Practical Guide to the Care of the Gynecologic/Obstetric Patient: Practical Guide Series, 2e George T. Danakas MD

A complete, yet concise, reference for anyone involved in the care of the obstetric-gynecologic patient. The PRACTICAL GUIDE TO THE CARE OF THE GYNECOLOGIC/OBSTETRIC PATIENT provides the essential information needed to manage the ob-gyn patient, from presentation to diagnosis, from surgery to post-operative care. This handy, pocket-sized book features: practical organization - concise, high-yield presentation of key information - treatment algorithms, graphs, comparative tables, and more- a structured approach to ob-gyn care. All this is presented in the classic "Practical Guide" outline format and spiral binding for quick reference.

- Written in a bulleted outline format, supplemented by excellent diagrams, algorithms, lists and key images to allow easy access to high yield information.
- Chapters are organized by clinical relevance not by systems - a more useful approach for patient management.
- Pocket size with spiral binding makes for convenient portability and ease of use.
- Thoroughly updated formulary and lab values -provides convenient access to key information.
- Practical and very clinically relevant.

This edition has been significantly reduced in size to maintain pocket portability Careful editing has retained the book's practical approach and ensured a focus on key information.
