[(Professional Learning Communities: Using Data in Decision Making to Improve Student Learning)] [Author: Patrick Baccellieri] published on (July, 2009) Patrick Baccellieri

This book provides an insider's perspective on establishing, nurturing, and sustaining a professional learning community. The author, a former principal for Chicago Public Schools, shares how he worked collaboratively with his staff to create a schoolwide learning community with a focus on student achievement. The result? Teachers worked together to examine their students' data, student achievement increased, and test scores improved. Read this book and you will see how this dynamic change took place to achieve impressive outcomes.
