The International Humanitarian Order (Security and Governance)

Michael Barnett

The International Humanitarian Order (Security and Governance) Michael Barnett

One of the genuinely remarkable but relatively unnoticed developments of the last half-century is the blossoming of an international humanitarian order – a complex of norms, informal institutions, laws, and discourses that legitimate and compel various kinds of interventions by state and nonstate actors with the explicit goal of preserving and protecting human life. For those who have sacrificed to build this order, and for those who have come to rely on it, the international humanitarian represents a towering achievement cause for sobriety. What kind of international humanitarian order is being imagined, created and practiced? To what extent are the international agents of this order deliverers of progress or disappointment?

Featuring previously published and original essays, this collection offers a critical assessment of the practices and politics of global ethical interventions in the context of the post-cold war transformation of the international humanitarian order. After an introduction that introduces the reader to the concept and the significance of the international humanitarian order, Section I explores the braided relationship between international order and the UN, while Section II critically examines international ethics in practice. The Conclusion reflects on these and other themes, asking why the international humanitarian order retains such a loyal following despite its flaws, what is the relationship of this order to power and politics, how such relationships implicate our understanding of moral progress, and how the international humanitarian order challenges both practitioners and scholars to rethink the meaning of their vocations.

From reader reviews:

Alexander Ratcliff:

What do you ponder on book? It is just for students because they're still students or this for all people in the world, the particular best subject for that? Only you can be answered for that issue above. Every person has different personality and hobby for each and every other. Don't to be pressured someone or something that they don't would like do that. You must know how great as well as important the book The International Humanitarian Order (Security and Governance). All type of book would you see on many solutions. You can look for the internet solutions or other social media.

Norman Brown:

What do you with regards to book? It is not important along? Or just adding material when you need something to explain what the ones you have problem? How about your spare time? Or are you busy man? If you don't have spare time to complete others business, it is gives you the sense of being bored faster. And you have free time? What did you do? Everybody has many questions above. They have to answer that question since just their can do which. It said that about e-book. Book is familiar on every person. Yes, it is suitable. Because start from on guardería until university need this The International Humanitarian Order (Security and Governance) to read.

James Harris:

Information is provisions for people to get better life, information nowadays can get by anyone at everywhere. The information can be a expertise or any news even a huge concern. What people must be consider when those information which is in the former life are challenging to be find than now could be taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you have the unstable resource then you obtain it as your main information we will see huge disadvantage for you. All of those possibilities will not happen within you if you take The International Humanitarian Order (Security and Governance) as the daily resource information.

Bruce Hardin:

Do you like reading a reserve? Confuse to looking for your chosen book? Or your book had been rare? Why so many issue for the book? But any people feel that they enjoy regarding reading. Some people likes studying, not only science book but novel and The International Humanitarian Order (Security and Governance) or perhaps others sources were given expertise for you. After you know how the truly amazing a book, you feel desire to read more and more. Science book was created for teacher or perhaps students especially. Those publications are helping them to bring their knowledge. In some other case, beside science reserve, any other book likes The International Humanitarian Order (Security and Governance) to make your spare time more colorful. Many types of book like this one.
