This 229-page hardcover was published in 1985 by the Yale University Press. This is an ex-library edition, containing typical library stamps. Otherwise, this book appears to be read very little, if at all, and appears to be in like new condition internally. The very nice dustcover continues to be protected by a mylar covering. The hardcover appears to also be in great condition. The binding is like new. Overall, an outstanding conditioned used book.
