Democracy and Conflict Resolution: The Dilemmas of Israel's Peacemaking (Syracuse Studies on Peace and Conflict Resolution)

Democracy and Conflict Resolution: The Dilemmas of Israel's Peacemaking (Syracuse Studies on Peace and Conflict Resolution)

Studies of the Israeli-Palestinian conflict typically focus on how international conditions drive the likelihood of conflict resolution. By contrast, Democracy and Conflict Resolution considers the understudied impact of domestic factors. Using the contested theory of democratic peace; as a foundational framework, the contributors explore the effects of a variety of internal influences on Israeli government practices related to Israeli-Palestinian peacemaking: electoral systems; political parties; identity; leadership; and social movements. Most strikingly, Democracy and Conflict Resolution explores the possibility that features of democracy inhibit resolution to the conflict, a possibility that resonates far outside the contested region. In reflecting on how domestic political configurations matter in a practical sense, this book offers policy-relevant and timely suggestions for advancing Israel's capacity to pursue effective peacemaking policies.
