Theo Balderston

Economics and Politics in the Weimar Republic (New Studies in Economic and Social History) Theo Balderston

Dr. Theo Balderston explores the relevance of the politics of the Weimar Republic to its economic history. Tracing the origins, political fragility and eventual destruction of the unstable government in terms of the economic realities of interwar Germany, this book provides a comprehensive survey of sources otherwise inaccessible to students. Covering the Peace Treaty and reparations payments, the spiralling inflation of the twenties and the slump which led to the collapse of the republic, this is an indispensable guide to an extremely significant period in European economic history.
