Papers in Translation Studies

Sattar Izwaini

Papers in Translation Studies Sattar Izwaini

This book presents cutting-edge research in translation studies, offering stimulating discussions on translation and providing fresh perspectives on the field. Papers in Translation Studies features a selection of papers originally authored for this volume, addressing a variety of issues from different points of view and offering interesting contributions to the critical literature of the field. The volume provides useful resources that will be of great benefit for academics, students and practitioners. The contributions to this book promote research on translation theory and practice, and suggest ways of dealing with translation problems. The volume chapters are written by researchers from around the world, and consider various different languages and contexts. Areas of investigation include contrastive linguistics and translation, corpus-based translation studies, natural language processing, machine translation, and translator training.
