Clotel: or, The President's Daughter (Modern Library Classics) William W. Brown, Als Hilton

The first novel published by an African American, *Clotel* takes up the story, in circulation at the time, that Thomas Jefferson fathered an illegitimate mulatto daughter who was sold into slavery. Powerfully reimagining this story, and weaving together a variety of contemporary source materials, Brown fills the novel with daring escapes and encounters, as well as searing depictions of the American slave trade. An innovative and challenging work of literary invention, *Clotel* is receiving much renewed attention today.

William Wells Brown, though born into slavery, escaped to become one of the most prominent reformers of the nineteenth century and one of the earliest historians of the black experience. This Modern Library Paperback Classics edition reproduces the first, 1853, edition of *Clotel* and includes, as did that edition, his autobiographical narrative, "The Life and Escape of William Wells Brown," plus newly written notes.
