## **Common Trees of Pennsylvania** Pennsylvania Department of Environmental Resources

The purpose of this booklet is to make the reader's life more enjoyable by being able to identify, through leaf, twig and bark characteristics, the important trees of Pennsylvania at various seasons of the year. Today, more than ever before, trees play an increasingly important part in our lives. Trees produce wood, one of the essentials of our everyday life. The uses of wood are rapidly increasing. Trees provide shade and solace for man; they help to beautify the places where we live; help purify the air we breathe and the water we drink; enrich the soil and retard the earth from sliding into our streams, and provide food and shelter for wildlife. In a few words: Trees live to give. Hopefully the brief study of tree features described in this publication will help you to develop a closer feeling for our mutual friends of the plant kingdom - the trees of our land (taken from the Foreword).
