Technology to Teach Literacy: A Resource for K-8 Teachers (2nd Edition) Rebecca S. Anderson, Michael M. Grant, Bruce W. Speck

This book is designed to provide teachers with an array of computer tools to promote reading, writing, and critical thinking in their classrooms. It can be used by teachers who recognize the need to continue their education by becoming adept at using computers in their classrooms. In short, this book covers the major concerns K-8 teachers face as they integrate computer technology into their classrooms and provides numerous suggestions for applying the ideas described in the book in real classrooms. The discussion of literacy topics and pedagogy is grounded in research literature, best practice for teaching, and current successful technology integration strategies.
